

Hyder Accepted into CHASE Partnership Program

On Wednesday, April 30, an OSHA inspector paid an unexpected visit to the Crystal Peak jobsite. The purpose of the visit was to inspect the site to ensure that Hyder's safety policies and procedures were in compliance with OSHA regulations. The inspector found zero violations, allowing Hyder to be accepted into AGC & OSHA's CHASE Partnership program at the blue partnership level.

Congratulations and thanks are extended to Joe Delaware, Matt Burns, Blake Trnka, Ken Gabriel, Jesus Pena, Brad Letterly, Neil McLagan, Mike Dillon, Tom McLagan and Jeff Haselhorst for their efforts in making our acceptance into the CHASE Partnership program a reality.
